

- Course : EE 212 Linear System Theory
- Instructor : Manuel C. Ramos, Jr.
- Course information can be found on <http://202.92.132.69:8888/manuel> or <http://10.158.11.8/manuel>
- Most preliminary stuff are on the site.

- Reference. Any graduate text on linear systems. For example, B.C. Kuo. Automatic Control Systems, 5th edition.
- Lecture starts promptly 10 minutes after scheduled start of class.
- My lectures typically last 50 minutes to an 1.5 hour.
 - not a fan of long lectures.
 - do not want to bore you too much.
 - students must study too.
